FOREWORD

The Directory being brought out by Sister-Doctors Forum of India (SDFI) on the occasion of its Silver Jubilee is quite comprehensive and concise. An exquisite piece of work! My hearty congratulations!

The exemplary work done by the Sister-Doctors Forum of India since its inauguration 25 years ago should be seen in the light of the health care situation prevailing in the country. Affordable, compassionate and quality health care seems a distant prospect for the common people. Health care spending has become the second most common reason for rural indebtedness. An estimated 39 million people are pushed below the poverty line due to health care spending. (Times of India 3 December, 2017). Moreover, there is severe shortage of doctors in India – just one doctor for 2000 people, half of WHO's norm. The one-thousand-plus members of SDFI reach out to thousands of people across the country, especially in the remote areas, with compassionate care. The preparation of the directory is part of the Forum's effort to equip, support, and strengthen their serviceto the people, especially the unreached. The directory will certainly help scores of health personnel who are out to help others.

I take this opportunity to congratulate every sister-doctor, including all those who have contributed to SDFI in the past, the current office-bearers, especially Sr Dr Beena, the President of the Forum. Each one of you is a pillar of strength and source of inspiration for the Church as well as the society. I express my admiration, reverence and love for all that you have been for CHAI, the Church and the larger society.

May the Divine Healer continue to bless the Forum to walk in his footsteps in the years to come, so that many more would experience, care, compassion and healing.

With prayerful wishes,

Dr. Fr. Mathew Abraham CSsR
CATHOLIC HEALTH ASSOCIATION INDIA
Director General

INTRODUCTION

It has been almost close to a decade since the first Directory of Sister Doctors Forum of India had been released and I have the privilege of bringing this revised Edition of the Directory. Today, we live in a dynamic world where everything changes. There has been a lot of changes in the last few years, with Sister Doctors Forum also.

The first directory was compiled in 2009 under the leadership of Late Sr. Dr. Lina HCM, the then President of SDFI. We have added the names of young budding Sister Doctors and, at the same time, we have deleted the names of few who are no more a member of the forum. Although, there are about 1000 Sister Doctors, the directory contains information about 762 Sister Doctors only. This lacunae will be taken care of in the next edition.

The Sister Doctors Forum was founded on 5th June, 1993 during the National Convention of CHAI in Ernakulam. Sr. Dr. Lilian MJJ, was the first President of the forum. In a span of 25 years, the forum has grown under the able leadership of Sr. Dr. Lillian MJJ, Sr. Dr. Hermi-na SSA, Sr. Dr. Lina HCM and Sr. Dr. Lucian SCC. On 4th February, 2009, the SDFI was registered as a Trust in New Delhi and its Registered Office is in RUPCHA, 4435-36, Makhnall Street, 7 Ansari Road, Darya Ganj, New Delhi -110 002. In the initial years, SDFI had its functional office in the premises of St. John's Medical College, Bangalore. Thereafter, the office was shifted to the headquarters of CHAI in Secunderabad. However from 2010 onwards the functioning office is at St. Mary's Hospital, Malur, Kolar Dist. SDFI has divided itself to eight regions – Northern, Central, Eastern, Western, Andhra Pradesh and Telangana, Karnataka, Tamil Nadu and Kerala.

A majority of the Sister Doctors are trained in various specialties. They have dedicated their lives in the service of the unreached and less reached of our country. They provide preventive, curative, promotive and palliative care service and thus contribute a lot to restore health and wholeness in rural, tribal and remote areas of our country. They follow the footsteps of Jesus the divine healer, with great passion for God and for humanity.

SDFI organizes various activities at the Regional and National level like "Continued Medical Education program for Sister Doctors, Campaign on Save the Girl Child, Cancer Prevention in Women through Screening and Awareness Creation program, Anemia control and

treatment program, Mother and Child Welfare program, and activities for Prevention of life style associated diseases” etc... Few Sister Doctors are also actively participating in the National Health program like RNTCP and NACO.

We have been in the forefront during natural calamities like earthquake, floods, the Tsunami etc... We also work in collaboration with other organizations like CBCI health Commission, CHAI, Catholic Medical Mission Board, Catholic relief Services, Caritas India and other like-minded organizations.

I hope this revised edition of the directory fosters better co-ordination among us and all those who are associated with SDFI. I would like to place on record all the efforts put in by Mr. Roger Cyril, who worked incessantly, to make it as precise as possible. A note of thanks to Sr. Dr. Vida Olivera SCCG, Sr. Dr. Betty Jose SH and Mrs. Fredeswinda De-Souza, for contributing their timely assistance.

I am grateful to my wonderful team of Board Members who have enthusiastically collected the details from their respective regions. May God bless you all.

Sr. Dr. Beena UMI,

President,

Sister Doctors Forum of India

S D F I - VISION and MISSION

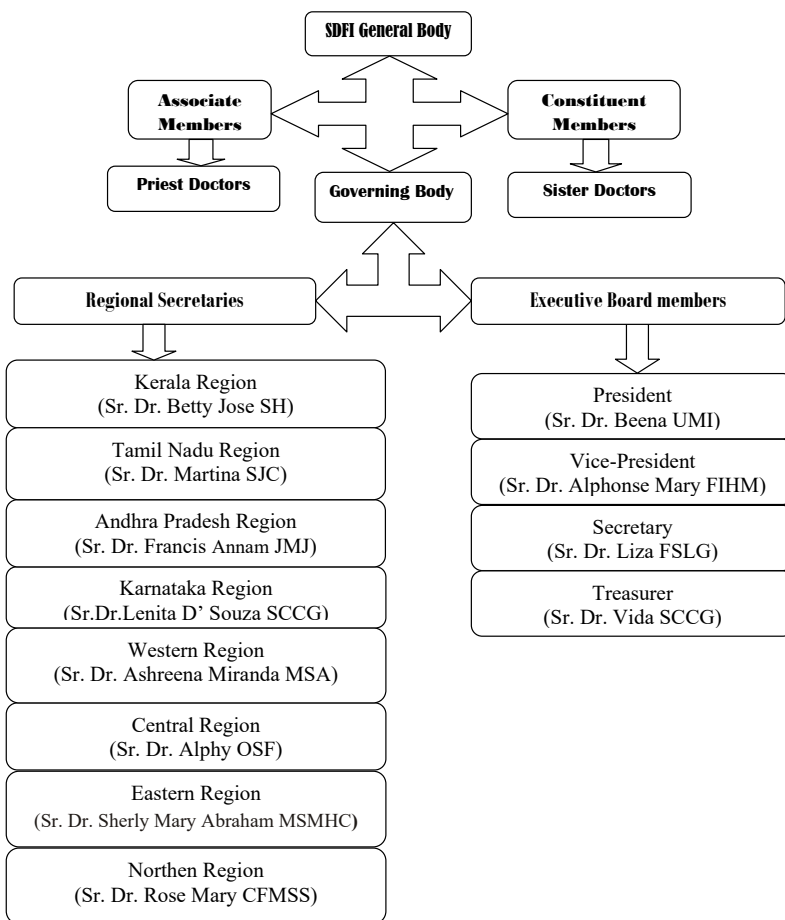

The Vision of SDFI is to bring holistic healing towards fullness of life by following the mandate of Jesus Christ, the Divine Healer, and foster fellowship and solidarity among its members by mutual sharing of their sisterly experiences and updating the professional knowledge and expertise.

The Mission of SDFI is to give fullness of life through Holistic Healing services bringing Love and Compassion of Jesus Christ to His people in need, irrespective of Caste, Creed, Religion, Age and Gender.

Objectives of SDFI

- To develop and foster solidarity and fellowship among the members through mutual sharing of the vision and experience, and exchange of views.
- To strengthen and deepen the religious commitment and spiritual life and to evolve a specific spirituality which will help the members in the healing ministry.
- To uphold Christian principles, values and ethics in health care practices.
- To update professional knowledge, skills and attitude of the members by continuing medical education and improve the quality and standards of health care services
- To respond to the urgent needs of the times, in the field of health and development.
- To have a preferential option for the poor and marginalized, especially the women, empowering and enabling them to attain and maintain health and full human development and help them in their struggle for their rights, in the field of health
- To publish books, journals, magazines, pamphlets, newsletters and other materials and to undertake research to improve the health of the people.
- To promote community health and family welfare programs with a holistic approach to health and healing.

Organizational Structure and Functioning of SDFI

Kerala Region

Tamil Nadu Region

Andhra Pradesh and telangana Region

Karnataka Region

Western Region States - Gujarat, Maharashtra & Goa
